Summary

Experienced Golang Developer with a demonstrated history of working in information technology, encompassing around 3 years of total experience in Golang. Possesses a strong combination of technical expertise, problem-solving prowess, strategic thinking, and exceptional communication skills. Proficient in Back-End Development, Go, REST API, GraphQL, Microservices, and knowledgeable in blockchain technology. Additionally, I hold a Certified Google Cloud Digital Leader accreditation. Eagerly seeking a challenging opportunity to leverage my skills and experience to contribute to the success of a progressive company.

Experience

Sr Golang Developer

PrimeTrader

Jan 2024 - Present (3 months)

Dubai (Remote)

Primetrader is a gamified crypto trading platform that utilizes Artificial intelligence. Users earn a signup reward of 100 Primetrader Tokens (PTT). They can also take part in the referral program to start earning more PTT. Primetrader handles the onboarding of new users to the crypto space in a unique way. The “Learn and Earn” feature of the platform, makes it easy for new users to earn as they are learning more about the crypto space. Moreover, the platform allows users to stake their earned tokens for set periods. The staked tokens yield rewards based on the period. Allowing utility for the tokens.

Golang | Rest APIs | PostgreSQL | Smart Contracts | Blockchain

Back End Engineer

Priorities for Medical Care

Jun 2023 - Dec 2023 (7 months)

Jeddah, Saudi Arabia (Remote)

Type: Full-time

- 1- Developed the Backend of a product (Wthaaq) from scratch that connects Health Care Providers with the Health Insurance Companies. The platform offers eligibility, pre-authorization, e-claims processing of patients. The platform also offers an efficient & convenient way to integrate Health Care Providers with Insurance Companies.
- 2- Developed Backend of Web & Mobile App to provide Health Care Services at home.

Backend : Golang | GraphQL | Rest API

Framework: Gin

Database: MySQL, GORM, Redis & MongoDB
